

Varifocal bullet camera - uncomplicated adjustment

ExCam® IPP1387

5 MP HDTV resolution meets remote zoom and focus lens

The ExCam IPP1387 is a powerful IP megapixel camera, designed for use in hazardous areas. It offers 5MP HDTV resolution, a powerful remote zoom and focus lens (i-CS). You can find more information in the download area on the [product page](#).

Broad certification landscape for hazardous areas

The ExCam IPP1387 is certified in accordance with both the European (ATEX) and international (IECEX) directives. The explosion-proof housing is approved for ATEX group II (gas and dust) for zones 1, 2 as well as 21 and 22 including explosion groups IIC / IIIC. It also has INMETRO, MASC, UKEX and other approvals. More information on our [data sheet](#).

When is the IPP1387 the right choice?

Network cameras and video encoders are remotely accessible and configurable by multiple authorized users, worldwide.

The position of your camera is exposed to all weather conditions, but you need a clear view at all times? The [air.Blade](#) is available as an accessory for this camera, using compressed air to remove dirt from the viewing glass and ensure a clear view. Also available is the [water.Blade](#), an effective hydraulic cleaning system.
