

Varifocal bullet camera

ExCam® IPQ1656

4 MP resolution and remote zoom meet artificial intelligence

The ExCam IPQ1656 is a powerful IP camera designed for use in hazardous areas. In addition to 4MP resolution, it offers a powerful remote zoom and focus lens (i-CS) and a deep learning processing unit (DLPU), enabling responses to events in near real time. You can find more information in the download area on the [product page](#).

Broad certification landscape - diverse areas of application

The ExCam IPQ1656 is certified in accordance with both the European (ATEX) and international (IECEx) directives. The explosion-proof housing is approved for ATEX group II (gas and dust) for zones 1, 2 as well as 21 and 22 including explosion groups IIC / IIIC. It also has INMETRO, MASC, UKEX and other approvals. More information on our [data sheet](#).

When is the ExCam IPQ1656 the right choice?

Is your camera exposed to extreme temperatures, but you still need a clear view at all times? With our ExCam version with Cool.Jacket, this is no problem (for use up to +130°C). In arctic temperatures, the built-in heater helps you to keep the camera free from ice.

More features

- ✓ Lightfinder color images even in low light conditions and Forensic WDR for perfect images
- ✓ Day/night functionality
- ✓ Electronic image stabilization (EIS)
- ✓ AI-based dynamic privacy zone masking (Live Privacy Shield)
- ✓ Sustainability - configurable, self-optimizing
- ✓ Access by several authorized users possible at any time from any networked location worldwide
- ✓ 4 MP and Deep Learning Processing Unit (DLPU) for artificial intelligence (AI) applications
- ✓ Temperature range -60°C to +60°C (optional Cool.Jacket for use up to +130°C)
