

Autofocus/Motorzoom bullet camera

ExCam® IPQ1715

Full HD resolution meets powerful motorized zoom/autofocus lens

The ExCam IPQ1715 is a powerful motorized zoom network camera designed for use in hazardous areas. It offers HDTV resolution, a powerful motorized zoom autofocus lens and a deep learning processing unit (DLPU). You can find more information in the download area on the [product page](#).

Broad certification landscape - diverse areas of application

The ExCam IPQ1715 is certified in accordance with both the European (ATEX) and international (IECEx) directives. The explosion-proof housing is approved for ATEX group II (gas and dust) for zones 1, 2 as well as 21 and 22 including explosion groups IIC / IIIC. It also has INMETRO, MASC, UKEX and other approvals. More information on our [data sheet](#).

When is the ExCam IPQ1715 the right choice?

Is your camera exposed to extreme temperatures, but you still need a clear view at all times?

With our ExCam version with Cool.Jacket, this is no problem (for use up to +120°C).

In arctic temperatures, the built-in heater helps you to keep the camera free from ice.

Network cameras and video encoders can be accessed and configured remotely by multiple authorized users worldwide.
